White Top Coated Recycled Liner

from MM Board & Paper

Brilliant opacity, gloss and smoothness combined with benchmark strength properties such as SCT and burst make for the best of any white top coated recycled liner. Our state-of-the-art production methods give you consistent quality for offset and flexo printing applications and ensure excellent performance. Make your corrugated board packaging shine with our liner solutions.

In September 2024, we introduced new names for liner products. To help you easily identify your preferred liner, we have created a simple reference list that outlines the new names for each product.

Where our liner
products come from:

- **MM NEUSS** (Germany)
- **MM KOLIČEVO** (Slovenia)

Our Offset Liner Products:

The well-known MM TOPLINER® brand serves as the basis for all our offset liner products.

The Artist: **MM TOPLINER®**

A canvas for limitless creativity. Colours pop, worlds emerge, stories come alive. Our offset liner for high-end display and shelf-ready solutions.

| PRINT TECHNOLOGY | OLD NAME | NEW NAME | MILL |
|---|--------------|----------------------------|-------------------------|
